00634: Connect Equipment New Dealer Press Release

Connect Equipment Joins Apache Dealer Network at Chepstow and Innerkip Locations

June 5, 2018 (Mooresville, IN) – Connect Equipment has announced it will join the Apache dealer network at its dealership locations in Chepstow and Innerkip, Ontario. These new Apache Sprayers Dealerships will provide sales and service to most of Central Ontario.

“We could not be more excited to add the Connect Equipment team to our growing roster of dealers,” said Equipment Technologies CEO, Matt Hays. “We know our customers will be in good hands with this well-established and operated business. It takes years of quality service to earn the trust they have in the area — they have our full confidence.”

Connect Equipment has six overall locations spread across Central Ontario, each providing access to a large selection of new, pre-owned and rental outdoor equipment.

“We listen to our customers closely. They are looking for better sprayer solutions that are not only innovative, price competitive, and efficient; but focus on core issues like compaction and maintenance,” said Connect Equipment Corporate Sales Manager Ross Moore. “Our organization is excited to take on the Apache Sprayer lineup to meet the rigorous demands of our customers. We know this brand is the right choice for both our customers and Connect Equipment.”
